AMUSEMENT NOTES

"Good Gracious Annabelle" Carries a Large Cast.

"Laugh and the world laughs with you," an adage gathered from some one old, is carried out with a vengeance by Clara Kummer in "Good Gracious Annabelle," the attraction at the Barre opera house Nov. 26. The production carries a very large cast, all of whom have been selected with care as to their particular fitness for the individual parts they are to portray. The piece enjoyed a year's run in New York six months in Chicago and three months in Boston. This is the production that will be offered our people.

The play has been flatteringly endowed, it is said, with a new brand of spontaneous comedy. Miss Kummer in her maiden effort has shown beyond peradventure that "women are as capable as men in almost all walks of life." The piece is clean, wholesome, infectious and cleverly staged with costumes and scenery, a delight to the eye.—Adv.

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membrane of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The syrup part is usually plain granulated sugar syrup. Nothing better, but why buy it? You can easily make it yourself in five minutes.

To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pinex (60 cents worth) in a pint bottle, and fill up with home-made sugar syrup. This gives you a full pint—more than you can buy ready-made for \$2.50. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membrane—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is known the world over for its prompt results.

Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute relief, or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## Marching on to Victory

Our boys will always show themselves strong and brave in the face of the enemy. Those who are on the fighting line are picked men, for only about one man out of five passed the physical examination for army or navy. It is not a fear of illness or death that we should encourage, but a love of health, a sense of responsibility for the care of our bodies, a desire for efficiency, endurance and full achievement. If we aim for these and know the means of achieving them, kidney troubles and the needless miseries that embitter the lives of so many may be left to take care of themselves.

ALL MEN AT HOME SHOULD PREPARE FOR WAR.

The first test a man is put thru for either war or life insurance is an examination of his water. This is most essential because the kidneys play a

most important part in causing premature old age and death. The more injurious the poisons passing thru the kidneys the sooner comes decay—so says Dr. Pierce of the Surgical Institute, Buffalo, N. Y., who further advises all people who are past thirty to preserve the vitality of the kidneys and free the blood from poisonous elements, such as uric acid—drink plenty of water—sweat some daily and take Anuric, double strength, before meals.

This An-u-ric is a late discovery of Dr. Pierce and is put up in tablet form, and can be obtained at almost any drug store. For that backache, lumbago, rheumatism, "rusty" joints, swollen feet or hands, due to uric acid in the blood, Anuric quickly dissolves the uric acid as hot water does sugar. Take a little Anuric before meals and prolong your life. Send 10 cents to Dr. Pierce for trial package of Anuric, or write for free medical advice.

### Cuticura Healed Itching Eczema on My Little Boy

Writes Mr. Jorgenson

"My little boy two years old was suffering with eczema for about a year, his face being almost so scratched with eruptions and pimples. I had him treated and tried many remedies but all failed to help. The skin was sore and inflamed, and the rash itched badly causing him to scratch the breaking out all the time, and he would carry his hands to his face to scratch while asleep, waking him. The eruption also caused disfigurement.

"Somebody advised me to try Cuticura Soap and Ointment so I bought a cake of Cuticura Soap and a box of Ointment. They brought relief right away and before the first box of Ointment was used with the Soap his face was healed." (Signed) Otto V. Jorgenson, Kingman, Me., Sept. 14, 1916.
